### Philip Nkaimbzi & Linda

Philip Nkaimbzi came on staff in 2000 with Campus Crusade for Christ (now CRU in USA) in Cameroon. He is married to Linda who also joined staff in 2008. They are blessed with two kids, Nissi Afumbom (male) and Joy-Neriah Chimabom (female). They are honored to be part of God's plan for Cameroon.

Nkaimbzi began his ministry in the University of Douala where he served as the campus director for 5 years. Today he directs the High school strategy of the ministry in Cameroon called **Student Venture** which is very strategic. Over 85% of the public schools are unreached with the gospel. Their impact on these students would be felt in all the neighboring countries in a near future because of their potential ability to speak English and French as a bilingual country.

### STUDENT VENTURE CAMEROON WHAT DO THEY DO?

They help to connect students and youths to Jesus Christ. Their dream is to see a vibrant ministry in every high school in Cameroon. In less than 8 years, Philip is already supervising ministry in over 100 high schools. Their ministry initiatives are so intentional; to WIN (Evangelize), BUILD (Discipling the new converts) and SEND (Training the disciples as Multiplying leaders).

*“Therefore go and make disciples of all nations...”*  
Matt 28:19-20.

### *Present Realities on campus and community in Cameroon*

- The Cameroon population is very young with 50% less than 18 years of age.
- Seventy five (75%) would easily give their lives to Christ before the age 20.
- They have many open doors in the high schools and universities to run ministry.
- Many Christians are aspiring to lead the mission of Jesus Christ without adequate knowledge- They need trainings.
- Few volunteers to lead bible studies and discipleship groups.
- Many student-orphans needing assistance.
- Many local churches requesting discipleship and leadership trainings.
- Few ministries on campuses.

**Plan of Action already on motion & Prayer needs**

- Continue to mobilize a prayer network base with faithful and fervent intercessors.
- Helping 120 key volunteers to launch catalytic movements in 40 new campuses before the end of 2015.
- Train 500 new key volunteers and multiplying leaders in the next three years to expand to more new campuses.
- Expose 50,000 students to the gospel through one-on-one evangelism, sport, Films, gospel, picnic, retreats and conferences.
- Help 30 Orphans every year with basic school needs.
- In partnership with influential Churches, continue to launch city wide movements of evangelism and discipleship.

***Benefit for prayer and financial partners***

- Hundreds of students would be effectively reach with the gospel monthly.
- Christ-like leaders will be trained and raise to accelerate ministry expansion in Cameroon.
- Decrease in crime wave on the community.
- Leaders of Influential Churches would be trained
- The rate of school dropout amongst desperate Orphan students will decrease.

***Priority Financial needs***

Linda and Philip are grateful to the Lord for the ways He is working in their lives and ministry. God is mightily at work in Cameroon. This couple works with young people who cannot really support their work. They live on fundraising according to the ministry policy. They raise finances for their ministry operations and basic family needs. Their immediate needs are:

1. Prayer.
2. Financial support and a ministry mini bus. You can kindly consider to pray and support them monthly with:

Their basic need **monthly is \$375** to continue to remain strategic in igniting and accelerating this work in Cameroon.

Your partnership would be very timely and crucial as you join them to promote the gospel message in Cameroon.

**THANKS!**
